

## Rex-Royal at INTERNORGA 2025: State-of-the-Art Coffee Solutions for the Hospitality Industry

Rex-Royal, an innovative manufacturer of high-quality coffee machines, will showcase its latest portfolio of innovative coffee machines at INTERNORGA 2025 in Hamburg. From March 14 to 18, 2025, the company invites trade visitors to experience the latest technologies in professional coffee preparation up close.

As a specialist in powerful and user-friendly coffee machines, Rex-Royal offers tailor-made solutions for the hospitality industry, hotels, and community catering. This year at INTERNORGA, the focus will be on the high-performance X and S series, which impress with state-of-the-art technology, intuitive operation, and top beverage quality.

“Our coffee machines set new standards in quality, efficiency, and user-friendliness. At INTERNORGA 2025, visitors will have the opportunity to experience firsthand the performance and versatility of our portfolio,” explains Benjamin Köller, Managing Director Germany at Rex-Royal.

In addition to its proven coffee machines, Rex-Royal will also present innovative solutions for fresh milk and hot water preparation. The team looks forward to engaging with customers and partners and discussing new industry trends.

Visit Rex-Royal at INTERNORGA 2025 in Hall A4, Booth 411, and experience the future of professional coffee preparation live!
